LED Rope Light – EFX-AWTAWPR

### LED Rope Light - EFX-AWTAWPR

Eco-FX LED range of mains operated, weather resistant LED rope light for indoor and outdoor applications. Supplied on 50 metre reels or cut to length at 2 metre intervals. A weather resistant LED rope light system for indoor and outdoor use, which consists of a flexible 13mm thick plastic rope containing bulbs at 36 LED's per metre. The rope can be cut to any required length at the cutting points which are marked on the side of the rope light and joined with different colours as required. The rope light is then attached to a power connector lead at one end and an end cap or coupler is fitted at the other end. The connectors are fixed to the rope with strong special waterproof glue.
